Wendover Air Force Base ,  
Base Supply and  
Equipment Warehouse  
(Building No. 2613)  
HABS No. UT-125-000-~~20~~  
Page 1

Built in 1944, this is a "Theatre of Operations," "Semi-Permanent," type structure. It has 3,197 square feet and was built for \$6,000. Nearly half of the space was used for "Shp, Comm & Elct" in addition to the "multi-purpose space" used for base supply and equipment.

The rectangular building measures 20 feet by 156 feet-5 inches with a gabled, 7-foot-5-inch-by-9-foot-6-inch offset at the south end. The building has a concrete slab foundation, wood frame walls and a gabled roof with composition shingles. There are three, louvered roof vents on the ridge, 6/6 windows, horizontal wood siding and other architectural features similar to the neighboring buildings already described.

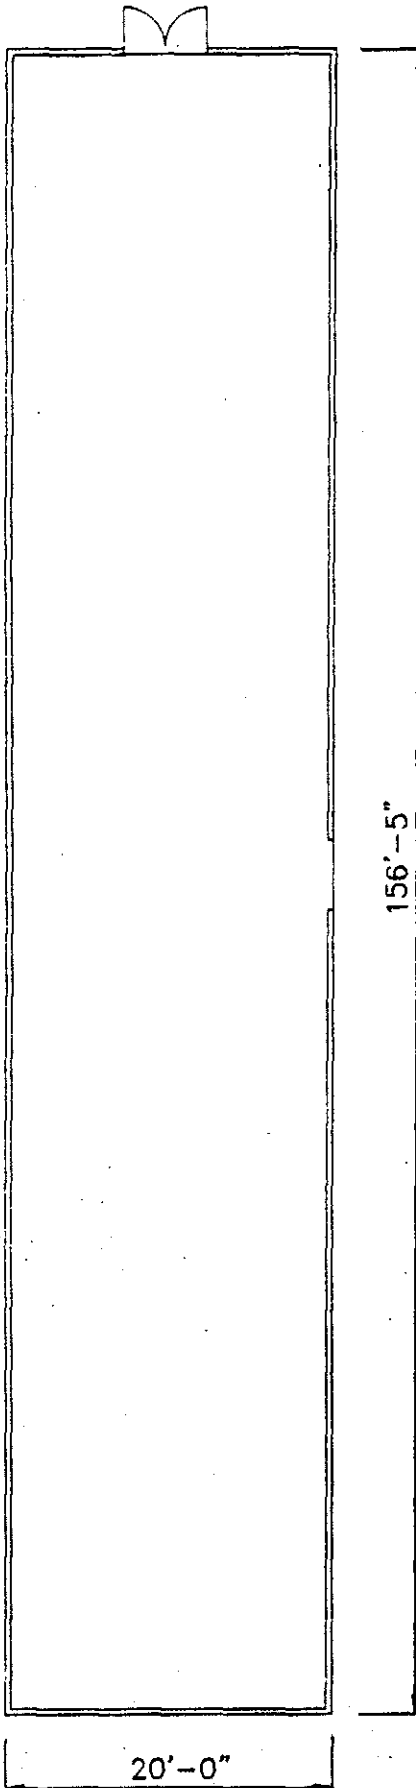

The building is situated on the north side of a cul-de-sac road off Eighth Street between A and D Streets. It sits between buildings 2604 and 2618. Building 2613 appears to be structurally sound.
